## Not without my fries!

We only serve the very best!

The golden-yellow fried potato stick has many names - in gourmet circles (as is the case with us!) it is also known as the Pom Fritz. According to their complex history, Pom Fritz(s) are said to be of French origin.

## Ssshhhh...

We'll tell you the secret of our coffee!

What time is it? Time for a coffee! Speaking of time – the power of the coffee bean lies in calmness: our beans are being roasted extra gently at a moderate temperature. This is how acids and unpleasant bitter substances are broken down! Our coffee machines are also working according to this principle. This way the aromas unfold and the coffee is particularly agreeable – because the world looks a lot better with a good cup of coffee in your hand.

*In the picture you can see how we like our schoemoc best: with full body effort and cake.*

## Drinking plenty helps a lot!

Studies show that 90% of all problems can be solved by drinking more.

In the course of several studies, the Federal Ministry for extragoodmood has discovered that almost all problems are caused by not drinking enough. „There is the right drink for every problem,“ says GoodMoodMinister C. Wefers. When choosing, you should listen to your individual gut feeling. „There are days when I feel drawn to Aperol. On others, I still prefer water.“

*When life gives you lemons, make lemonade.*

## If you want to be beautiful, wear a smile!

Whether it is made by your mother or made by us, homemade always tastes better!

And because of this our iced teas are always prepared fresh at the bar. It doesn't matter if it is a sunny day, after a grey day at work or just a regular day: our three extra refreshing iced teas can conjure up a smile on anyone's face.

## Cultivate Social Connections

### How about a nice little extra portion cosiness!

There are many things that determine the feel-good factor at the table: temperature, topics of conversation, softness of the seat cushion, lighting conditions ... But none is as decisive as the your choice of the right company.

So be social and grab your bestie, mother-in-law or that mate you haven't seen in far too long and treat yourselves to some extra time!

And of course we are always happy to receive a virtual hug – so feel free to follow us on Instagram or Facebook. That way you'll always be up to date with the latest offers, new menus and opening hours.

## Beer

We offer regional beers according to the respective location. Please ask our waiters about available beers.

*Our beerchelor of science staff will support you in any way possible.*

**On a scale of one to ale:**  
How much do you enjoy drinking a nice hop smoothie?

These are the top three answers given by participants of our very scientific poll:

**Rank 3:** „When in doubt, drink a stout.“

**Rank 2:** „Spilling a full beer is the adult equivalent of accidentally letting go of a balloon.“

**Rank 1:** „Beer doesn't have many vitamins. That's why you need to drink lots of it!“
